- NSCAA launches "Foundations of Coaching Online Course" which focuses on improving coaching instruction in order to improve the player performance by targeting training activities for the beginning to the advance player. Information will be posted on the website.

VP Girls (Joe Butera)

- Some divisions are very lop-sided...like 21-0. There is no goal differential. There is no reason to run up a score. Be creative, play down or allow the opposing team to add a player.
- Top tier teams will be moved up in the fall.

President (Jim Conners)

- We would like to have some feedback from clubs about the possibility of CPYSL giving yearly scholarships or grants to clubs/players. Please send your ideas/comments to Jim if you have guidelines in place for your club.
- ILLEGAL players-a player MUST be registered on a roster to be legal to play in a game.
- Discussion on lop-sided games and what can be done to make it better.
- York League meeting will be held to discuss inner league play with CPYSL. Jim will discuss who is in charge and what age groups would play. Leagues may be losing some players to APL, EDP, and EPL.
- Emails from parents who are upset about the clubs using some players too much.
- Secondary/club players will remain the same for the fall. Jim may allow additional secondary players if there are valid reasons.
- Jim ref some games this spring and saw parents on one side and coaches/teams on the opposite. The entire team and parents should always be on the SAME side.
- Goals must be anchored at all times. This is an US Soccer rule. The referee is not the one who should be taking care of this....it is the responsibility of the club to take care of it.
- There was an EPYSA meeting with Chris Branscome. There will be no changes to Player Development (PDI), no license coaches are required as of 2017/18, built out lines are discussed on a video on the EPYSA website, there will be an online course for parents to be coaches will be posted under the coaching tools.
- Concussion protocol-no health care on site is required yet. Coaches can make the decision if the player can return to play or not. It is recommended that coaches/parents have the player approved by a physician and have an approval note.

-Discussion held on club pass players and the game day lineups. Teams will use a copy of the official approved roster for games and not the normal “lineups” that EPYSA provides. Club pass players will be written onto the roster. A copy will be given to the referee and opposing team.
